All Sixth Formers follow a programme of personal development that includes topics such as study skills, interview techniques, Why chose University? How to make the most of Year 12, driving safety, drugs and alcohol awareness and relationships. There are opportunities for students to enhance their life skills by becoming a mentor to younger students, taking on roles of responsibility such as a prefect, House captain or senior team member. Teamwork and communication skills can be developed through the Duke of Edinburgh Award Scheme, sports leadership qualifications and the Education Business Partnership mentor programme. Sixth Form students also take a leading role in organising charity fundraising events, social activities and take responsibility for the running of the academy council which is an imperative part of the academy community.

This programme will lead to the development of habits, attitudes and competencies that will roll out into the students chosen subjects and, indeed, many aspects of their lives.
